

SOUTHEASTERN COLORADO

Water Conservancy District

"Your investment in water"

May 12, 2004

To Whom It May Concern:

I am writing a letter of recommendation for Mr. Rick Allen, a consultant for Biological Solutions. I have heard Rick speak on several occasions, prior to asking him to speak at our Landscape Seminar. His presentations have been articulate, educational and applicable to the subject matter.

Mr. Allen is enthusiastic about his subject and his enthusiasm spills over onto the participants. I consider myself a people watcher and I definitely observed heads shaking, which indicated to me, that people were intently listening and they liked what they heard.

Rick's expertise in the subject matter is superb. I feel he is a prime candidate to share his company's valuable information. I plan on asking Mr. Allen to return for additional educational seminars that the Southeastern Colorado Water Conservancy District may offer.

Sincerely yours,

Jean Van Pelt
Conservation Outreach Coordinator
